

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

* In the "estimates" of the marine corps, fuel is put down at \$7 per cord, and the same price is used in the above calculations.

The quantity and the monthly market price vary at different stations, and the officers receive this allowance, upon a certificate of their commanding officer.

CIRCULAR TO MIDSHIPMEN.

As the number of Midshipmen of the date of 1841, being one hundred and eighty-six, is larger than can be conveniently examined at one time, and as the number of the date of 1842 is too small to form a separate class, all those appointed between January, 1841, and July, 1842, inclusive, will be ordered to report for examination in such numbers and at such times as the interests of the service will allow. In order, however, that an equal chance may be afforded to all, the numbers of relative merit will not be assigned until all within these dates shall have had an opportunity of being examined.

GEORGE BANCROFT.

"HOUSE OF REPRESENTATIVES,

February 16, 1843.

"Resolved, That in all future publications of the Army and Navy Register of the United States, there shall be affixed opposite the name of each person published therein, in separate columns, the annual pay of such officer or person, the amount paid him for rations, servants and forage, and the gross amount paid or allowed him in all respects for and on his account, and for and during the year preceding such publication."

TREASURY DEPARTMENT, FOURTH AUDITOR'S OFFICE,

January 15th, 1848.

SIR,

I have the honor to transmit a report called for by the Department, to enable it, in the preparation of the Army and Navy Registers for the year 1848, to comply with a resolution of the House of Representatives of the 16th of February, 1843, which requires that "in all future publications of those Registers there shall be affixed opposite the name of each person published therein, in separate columns, the annual pay of such officer or person, the amount paid him for rations, servants, and forage, and the gross amount paid or allowed him in all respects for and on his account, and for and during the year preceding such publication."

The blanks which appear are occasioned by the want of returns from Purser's of distant vessels, and are not of much importance, since the amount received by officers on board such vessels very generally consists only of the sea-pay belonging to their rank and a commutation for their ration.

The statement is made for the *fiscal* year, terminating on the 30th of June last: since if it were for the *calendar* year, immediately preceding the publication of the Register, it would necessarily be so imperfect as to be useless: the law allowing to Disbursing Officers within the United States three months, and to those abroad six months, after the termination of each quarter to make up and render their accounts.

I have the honor to be, sir,

Very respectfully, your obedient servant,

A. O. DAYTON.

To the Hon. J. Y. MASON,
Secretary of the Navy.

ANNUAL PAY

Of each Officer, borne upon the Navy Register; the amount paid for Rations, Servants, and Forage; and the Gross Amount Paid or allowed in all respects for and on his account, and for and during the period embraced between the 1st of July, 1846, and the 30th June, 1847.

NOTE.—The sums which appear opposite the name of each officer, are those which have actually been paid. To account for the difference between the sums paid officers of the same grade, it is only necessary to state that officers are sometimes on duty for a portion of the year only, and on leave of absence for the remainder; consequently they may receive two rates of pay. The Hospital dues, of 20 cents per month, are deducted from the pay of every officer in the Navy. The above table shows the pay allowed by law to every grade. The pay of petty officers and seamen is fixed by the President of the United States, under the authority of various laws of Congress.

Sec. 9. *And be it further enacted,* That all stores of pursers on board ships in commission shall be taken by the Government at a fair valuation, under the direction of the Secretary of the Navy.

Sec. 10. *And be it further enacted,* That all acts or parts of acts which may be contrary to, or inconsistent with, the provisions of this act, shall be, and are hereby, repealed.

Sec. 11. *And be it further enacted,* That, from and after the passage of this act, the annual pay of the forward warrant officers of the navy of the United States shall be as follows: for boatswains, gunners, carpenters, and sailmakers, when on duty on board ships of the line, and

in the three navy yards at Boston, New York, and Norfolk, eight hundred dollars; on other duty, seven hundred dollars; when on leave of absence or awaiting orders, the said officers shall receive five hundred dollars for the first ten years, and after, six hundred dollars.

[SEC. 12. *And be it further enacted*, That whenever an officer shall perform the duty of a higher grade by order of the Secretary of the Navy, or the commander of a fleet or squadron, or ship acting singly on foreign service, such officer shall be entitled to receive the pay of such higher grade during the time he performs the duty in that grade, and no longer; and no allowance shall be made for performing such service hereafter, unless so ordered. AN ACT TO ESTABLISH AND REGULATE THE NAVY RATION.

Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled, That the navy ration shall consist of the following daily allowance of provisions for each person:

One pound of salted pork, with half a pint of peas or beans; or one pound of salted beef with half a pound of flour, and a quarter of a pound of raisins, dried apples, or other dried fruits; or one pound of salt beef, with half a pound of rice, two ounces of butter, and two ounces of cheese, together with fourteen ounces of biscuit, one quarter of an ounce of tea, or one ounce of coffee, or one ounce of cocoa; two ounces of sugar, and one gill of spirits: and of a weekly allowance of half a pound of pickles or cranberries, half a pint of molasses, and half a pint of vinegar.

SEC. 2. *And be it further enacted*, That fresh meat may be substituted for salt beef or pork, and vegetables or sour crout for the other articles usually issued with the salted meats, allowing one and a quarter pounds of fresh meat for one pound of salted beef or pork, and regulating the quantity of vegetables or sour crout so as to equal the value of those articles for which they may be substituted.

SEC. 3. *And be it further enacted*, That, should it be necessary to vary the above described daily allowance, it shall be lawful to substitute one pound of soft bread, or one pound of flour, or half a pound of rice, for fourteen ounces of biscuit; half a pint of wine or a gill of spirits; half a pound of rice for half a pint of beans or peas; half a pint of beans or peas for half a pound of rice.

When it may be deemed expedient by the President of the United States, Secretary of the Navy, commander of a fleet or squadron, or of a single ship when not acting under the authority of another officer on foreign service, the articles of butter, cheese, raisins, dried apples, or other dried fruits, pickles, and molasses, may be substituted for each other and for spirits: *Provided*, the article substituted shall not exceed in value the article for which it may be issued, according to the scale of prices which is or may be established for the same.

SEC. 4. *And be it further enacted*, That in cases of necessity the daily allowance of provisions may be diminished or varied by the discretion of the senior officer present in command, but payment shall be made to the persons whose allowance shall be thus diminished, according to the scale of prices which is or may be established for the same; but a commander who shall thus make a diminution or variation, shall report to his commanding officer, or to the Navy Department, the necessity for the same, and give to the purser written orders specifying particularly the diminution or reduction which is to be made.

SEC. 5. *And be it further enacted*, That no commissioned officer or midshipman, or any person under twenty-one years of age, shall be allowed to draw the spirit part of the daily ration; and all other persons shall be permitted to relinquish that part of their ration, under such restrictions as the President of the United States may authorize; and to every person who, by this section, is prohibited from drawing, or who may relinquish, the spirit part of his

ration; there shall be paid, in lieu thereof, the value of the same in money, according to the prices which are or may be established for the same.

SEC. 6. *And be it further enacted*, That the provisions of this act shall go into effect in the United States on the first day of the succeeding quarter after it becomes a law, and in vessels abroad on the first day of the succeeding quarter after its official receipt; that any acts and parts of acts which may be contrary to, or inconsistent with, the provisions of this act, shall be and are hereby repealed.

Approved, August 29, 1842.

[PUBLIC—NO. 85.]

The quantity and the monthly market price vary at different stations, and the officers receive this allowance upon a certificate of their commanding officer.

CIRCULAR TO MIDSHIPMEN.

As the number of Midshipmen of the date of 1841, being one hundred and eighty-six, is larger than can be conveniently examined at one time, and as the number of the date of 1842 is too small to form a separate class, all those appointed between January, 1841, and July,

	Total on service.		Where or other duty.		How long unemployed.		How long in the service.		When last at sea.	Present duty or station.

GENERAL ORDER.

The President of the United States, believing that greater formality in the infliction of such corporeal punishments as are authorized by law may be adopted in the navy with beneficial consequences, directs that no such punishment shall be inflicted on any person in the service without sentence of a court martial, when that is required by law, or the written order of the captain or commanding officer of the vessel, or commandant of the navy yard to which he is attached, where the authority to cause it to be inflicted rests in the discretion of the commanding officer, specifying the offence or offences, and the extent of the punishment to be inflicted; which order shall be read, and the punishment inflicted in presence of the officers and seamen belonging to the vessel or navy yard.

All such orders for punishment shall be entered on the log-book, and a quarterly return made to the Secretary of the Navy, stating the names of the persons punished, their offences, and the extent of the punishment inflicted, together with such explanations or remarks as the commanding officer may deem necessary to a proper understanding of the case.

The President also directs that the law authorizing the enlistment of seamen and others for the naval service, as it may be in operation at the time of enlistment, shall be printed on the back of the shipping articles, and read to each person desirous to enter, previous to his signing them, in order that he may know precisely the engagements and obligations he is about to contract.
